

MAY I help the Young Inventor Challenge®? Yes, you MAY!
[Click to contribute to the Young Inventor Challenge® today!](#)

This year marks the 19th annual Young Inventor Challenge®! ***People of Play™ has a goal to activate the power of the community to support these inspiring and creative kids during the month of May.*** With your help, the mission of the Young Inventor Challenge® can continue to inspire the next generation of innovators.

The Young Inventor Challenge® (YIC) provides an opportunity for kids ages 6-18 to develop and pitch their original inventions to toy and game companies online and in-person. This unique and educational experience ignites imagination and illuminates presentation skills like no other!

The Young Inventor Challenge® is funded through the generous support of sponsors and individual contributions. Contribute to the Young Inventor Challenge® between May 1 - May 31 to show your support!

Contribute to the Young Inventor Challenge®:

- **\$25** provides a scholarship for 1 young inventor to submit their toy or game to the YIC
- **\$50** covers 1 month of hosting for the young inventor virtual submission platform
- **\$135** provides 1 table for young inventors to pitch and display their toy or game in-person at the YIC
- **\$275** covers the cost of 1 microphone for the YIC awards ceremony
- **\$480** covers the cost of the YIC winners' trophies
- **\$1,000** covers a portion of the public relations coverage to illuminate the young inventors and their creations for the YIC
- **\$2,500** covers a portion of the stage techs and A/V for the YIC awards ceremony
